dynamic speakers
Debra Evans**

In a world enmeshed in the concerns of managing the day-to-day difficulties we all encounter, many have become lost to an image driven society. These hopeless faces belong to parents, husbands and wives, children, pastors, doctors, and business owners. Success is being redefined, and the quest for it has driven many to a place of desperation. We can live without water for a several days, we can live without food for a little while, but we

cannot extend life for one additional second without hope

Come and experience the life changing ministry of Debra Evans.

Through her powerful presentation, and teaching, you will find healing, restoration, and reconciliation. Invite those, whose lives have been devastated by failed *or* unfulfilled expectations. Come and experienced the power that comes through God's Word, Love, and His unfailing mercy.

Come be refreshed

Come be restored
