

# Living In Faith Ministries

**Debra Evans**

*The Heart of God*

## Debra Evans Press Release

In a world enmeshed in the concerns of managing the day-to-day difficulties we all encounter, many have become lost to an image driven society. These hopeless faces belong to parents, husbands, wives, children, pastors, doctors, and business owners. Success is being redefined, and the quest for it has driven many to a place of desperation. We can live without water for a several days, we can live without food for a little while, but we cannot extend life for one additional second without hope.

*Living In Faith* has been organized to bring healing, restoration, and reconciliation to the body of Christ. Through the powerful teaching of Debra Evans, broken lives *damaged by the devastation of failed and unfulfilled expectations* have experienced the power that only comes through God's Word and His unfailing love.

Through the years Debra Evans has been able to help many, nationally and internationally, to experience the *Joy of the Lord* through the unquestionable gift of God's Mercy and Grace. *Living In Faith* and Debra Evans are purposely seeking those who have been consumed by life's relenting circumstances. It is her quest to see their darkest moments in life, turn into victorious celebration.

Many are still trying to find the label that can best describe the ministry of restoration and reconciliation experienced in Debra's meetings. In her own words, she will say she is an extension of the Heavenly Father on this earth, with a desire to witness the complete healing of broken and bruised hearts, back to emotional, physical, and spiritual health. She has dedicated her life to see those who will seek the Lord made completely whole.

Seen on Television and heard on Radio, Debra Evans is currently moving out to establish a stronghold against the enemy's attack on God's People. In the framework of Ezekiel 36:24-28 and Ezekiel 37:11-14, *Debra Evans* will find new avenues to sprinkle the refreshing rain of God's Holy Spirit over the torn emotions of God's children, and restore a "New Heart" to those whom the enemy's weapons of emotional and spiritual death have taken their toll.

**What would you give for one day of Peace?**

**What would you exchange for a day of total Joy?**

**Living In Faith and Debra Evans want you to experience the freedom  
God intends for all His children to enjoy**
